Notes	91

Fulgor Milano, an Italian brand by Meneghetti SPA, has been synonymous with excellence and innovation in the world of cooking since 1949. When Fulgor Milano became part of the Meneghetti family in 2009, the brand united its devotion to creativity with expert knowledge in the creation of premium built-in appliances.

A perfect balance of elegance, design, function and performance, this professional cooking line will satisfy the most discerning chef, while still providing a center piece for any kitchen design.

We invite you to explore Fulgor Milano premier kitchen appliances.

Why **FULGOR** MILANO?

SOFIA IS AN INDIVIDUAL (DESIGN)

Fulgor Milano designed a professional range with a style and presence unique to her name. Sofia integrates the use of stainless steel and brushed aluminum for a design that is elegant and distinctive.

PROFESSIONALLY CRAFTED (FIT, FINISH, QUALITY)

This multifunction range, combines all the features of a fully-equipped professional range with a stainless steel design which highlights the elegance and uniqueness of Italian style.

CRESCENDO BURNERS

Because precision is important for powerful high and gentle low flames, our sealed burners offer five combinations of flame configurations for near infinite control. Durable brass burner rings provide exceptional heat distribution to the base of the cooking vessel at its maximum output of 20,000 BTUs and is also capable of the gentlest simmer aided by its oversized burner cap.

TOTAL CONTROL AND DELICATE POWER

Every aspect of Sofia is beautiful and her gas cooking surface is no exception. Every burner allows you to temper the most delicate chocolate or sear a steak to perfection.

CAST IRON GRATES AND MATTE BURNER BASIN

Heavy-duty cast-iron grates form a continuous surface for easy movement of pots and pans. You'll barely notice spillovers in this recessed burner basin and they'll clean up easily, too.

ROBUST CONTROL KNOBS

A perfect match for the bold design of the control panel, robust brushed metal knobs ensure easy handling and precise control while cooking.

AUTOGRAPH YOUR KITCHEN

Customize your Sofia kitchen with a name of your choice. Visit the Fulgor Milano website to create your personalized name plate for the oven door. The complimentary plate will be delivered to your home where your unique Sofia kitchen is exclusively yours.

CRAFTED IN ITALY

Made in Italy with a perfect balance of elegance, design, function and performance, this professional cooking line will satisfy the most discerning chef, while still providing a center piece for any kitchen design.

THE 48" SOFIA RANGE

Thoughtfully designed surface cooking with six burner positions, each with a 5-in-1 Crescendo burner beneath continuous cast iron grates and a Trilaminate stainless steel griddle, providing unparalleled power and control to melt, simmer, sauté and sear as you desire. Below the cooking surface, two self cleaning convection ovens with intuitive multiple baking and broiling functions and the convenience of telescoping racks encourages you to cook the way you want.

EXPLORE OUR BUILT-IN REFRIGERATOR

5 *in* 1

CRESCENDO BURNER

Because precision is important for powerful high and gentle low flames, our sealed burners offer five combinations of flame configurations for near infinite control. Durable brass burner rings provide exceptional heat distribution to the base of the cooking vessel at its maximum output of 20,000 BTU and is also capable of the gentlest simmer aided by its oversized burner cap.

FORTE

1

At the peak of its 20,000 BTU capability, meat is seared to produce a crust worthy of your favorite chef. Large pots quickly recover to a rigorous boil, and no culinary conquest seems unattainable. All burner rings engage to produce the most powerful flame for cooking.

MEZZOFORTE

2

Perfect al dente pasta is a snap. Progressive control of the burner ensures maximum heat distribution without excessive flame for an even and moderate boil.

MEZZO

3

Creamy risotto and smooth custards come to life as the burner rings combine to provide enough heat to encourage the cooking but discourage scorching.

PIANOFORTE

4

Simmer, poach, or braise your way to a tender sauce, soup or stew. Flame curls around the diffuser cap to barely brush the base of the cooking vessel with perfect control for extended periods of low heat cooking.

PIANO

5

Melt butter, temper chocolate, or gently coax the flavor from savory vegetables, this lowest setting is achieved by the flame from the simmer burner rolling gently under the diffuser cap to radiate whisper soft heat.

SOFIA FREESTANDING RANGES

Sofia is a solid, generously sized freestanding range with a clean and rigorous style. Designed, developed and engineered in Italy to exceed all expectations of quality, performance and style. Sofia will captivate the most discerning chef with nuanced features that are traditional yet innovative.

*** MUST ORDER HANDLE KIT ***

DISTINTO COLLECTION BUILT-IN PRODUCTS

The Distinto Collection ovens offer performance you expect from professional products but with a sleek European design that will fit flush into your kitchen space. With three different series to choose from, you have a variety of ovens with different features, sizes and colors that will work within your budget.

CREACTIVE

MULTI-LEVEL COOKING MODE
Internal heat remains constant throughout the oven, while smells and flavors are kept apart due to the fan assisted system.

BROIL
The most effective way to brown or roast your meat in a short amount of time.

BAKE
Optimal for perfect baking: flavors blend effortlessly.

Creative Control System

Our Creative Control System featured on the 700 Series Built-In Wall Ovens, combines cutting edge technology with simplicity.

The touch screen simplifies all procedures and improves performance by reducing energy consumption while intensifying cooking modes. The automatic function system has safety features to warn against and prevent possible damages.

TOUCH CONTROL PANEL

Everything is under your control with just one touch on the Creative display.

INTUITIVE

It only takes a moment to easily find the desired function.

MULTITASKING

All functions help to get the best results while preparing your recipes.

PIZZA MODE 590 °F

Two pizzas can be cooked in only two and a half minutes at the same time with a maximum temperature of 590 °F.

CUSTOMIZABLE RECIPES

Cooking times and modes have been preprogrammed, but you can modify and customize your recipes to suit every palate and need.

SELF-CLEANING

The pyrolytic self-clean function, selected directly from display, consists of heating the inside of the oven to very high temperatures in order to burn off any excess grease and food residue.

FULGOR MILANO WARRANTY

FULGOR
MILANO

Warranty Class	Description of Warranty Coverage
0	Doors, handles, glass, product frames, racking, interior and exterior surfaces are covered by a limited 30-day parts-only warranty for cosmetic defects proven to have originated from the factory. It is the responsibility of the owner to inspect the product and report any such claims within this 30 day period.
1	1 year parts and labor
2	2 years parts and labor
5	5 years parts and labor on the following sealed system components only: compressor, condenser, evaporator, dryer and connective tubing
5p	5 years parts only on the following sealed system components only: compressor, condenser, evaporator, dryer and connective tubing
12p	12 years parts only on the following sealed system components only: compressor, condenser, evaporator, dryer and connective tubing

Product Class	Applicable Warranties	For proof of warranty, please retain the original purchase invoice and the delivery slip. To obtain service under these warranties you must: 1. Contact Pinnacle Express Authorized Service a. By email at support@mapledistributing.com a. Log all your information on www.mapledistributing.com under Service Request for immediate assistance. b. Toll free at 800-866-4774. 2. Provide a copy of your original sales receipt along with model number and serial number information for the product. 3. Provide Fulgor Milano reasonable opportunity to investigate the claim before the product or any component of the product has been modified or removed.

TERMS APPLICABLE TO THESE WARRANTIES

All applicable warranties for each class run concurrently. In accordance to the applicable warranty class, Fulgor Milano warranty covers all parts and / or labor to repair or replace, under normal residential use, any part of the product proving to be defective in material or workmanship as a result of the original manufacturing process. These warranties are valid only in the contiguous states of the U.S.A. including the District of Columbia and Alaska and the country of Canada. These warranties apply to the original purchaser only and are non-transferable. All service provided by Fulgor Milano under the applicable warranty must be performed by a Fulgor Milano authorized servicer unless otherwise specified in writing by Fulgor Milano. Service will be provided during the regular business hours of each specific region.

These warranties apply only to products purchased from an authorized dealer through an approved distribution chain and which are installed for normal residential use and do not apply to commercial use or use on yachts. These warranties only cover service performed at the location of product installation and will not cover costs associated with repairing off-site unless expressly authorized by Fulgor Milano nor does it cover the travel costs associated with providing service to remote locations. Remote locations are defined as being outside of a 50 mile (80 kilometre) radius from any authorized 'brick and mortar' dealer. These warranties do not cover any parts or labor needed to correct any defect caused by negligence, transport, delivery, improper voltage or accident or improper use, maintenance, installation, service or repair, including but not limited to improper removal and reinstallation of any component of the product (ie. removing handles to fit through doors) prior to or during product delivery / installation. The remedies described herein are the only ones which Fulgor Milano will provide, either under these warranties or under any warranty arising by operation of law. Fulgor Milano will not be responsible for content loss due to spoilage, freezing or burning nor for consequential damages to surrounding cabinetry, construction materials or finishing materials such as but not limited to flooring. Fulgor Milano will not be responsible for any consequential or incidental damages arising from the breach of these warranties or any other warranties, whether express, implied or statutory.

The warranty will be valid and effective only upon presentation of the document stating the purchase date of the appliance, and more specifically of the relevant invoice, proof of purchase or equivalent document showing the name of the seller, the delivery date and the identification data of the appliance (such as; model number and serial number). In the case of new product being included in the purchase of new residential construction; these warranties apply to the original resident of the location containing the Fulgor Milano product and warranty coverage will begin on the date of occupancy of the residence (proof of occupancy required) to a maximum additional six months from the date of delivery of the product by the development company from the distributor or dealer. This extension does not apply to the Class 0 cosmetic warranty.

These warranties are only valid where the difference between the purchase date and the production date of the product is less than eighteen months. Any product which has been warehoused for more than this period will only be covered by Fulgor Milano's B-Stock warranty.

During the warranty period Fulgor Milano reserves the right to evaluate the opportunity to repair the appliance or, at their discretion, offer to replace it with a Fulgor Milano product of equivalent features and functionality but cannot guarantee that the exact model will still be available. Fulgor Milano reserves the right to revise these warranties at any time.

Some states do not allow the exclusion or limitation of incidental or consequential damages so the above limitation or exclusion may not apply to you. These warranties give you specific legal rights and you may also have other rights which vary from state to state.

*Replacement light bulbs / LEDs are only covered under the terms of the Class 0, 30 day cosmetic warranty.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.
