THE **PUREST** AIR EXPERIENCE.

🔲 FABER

FRANKE'S AIR EXPERT

COLLECTION 2023

FRANKE'S AIR EXPERT.

At Faber, we are proud of our significant heritage.

We invented the first hood in 1955.

Since 1958, we have been offering hoods and air treatment solutions that meet consumer's needs and respect the environment.

Since 2005, we have been the **Air Expert of the Franke Group**, which for over 100 years stands for high quality, innovative engineering and exceptional design. Its recipe for success: building on traditions while creating new things. Together, we have grown successfully over all these years.

In 2021, Franke and Faber brands both became part of **Franke Home Solutions division**, a logical step to expand the Group's presence in the kitchen and conquer new territories together. By joining forces, we are making even better use of our know-how, experience and complementary skills.

We are now taking the opportunity to proudly announce our competence in air treatment and our expert position within the Franke Group.

It's the right moment to take this step forward, as this new endorsement, **Franke's Air Expert**, will enrich Faber and Franke with additional values. That's why, thanks to our leading expertise in air treatment, we are **Franke's Air Expert**.

IMPROVING AIR QUALITY SINCE 1955.

At Faber, we are proud of our significant heritage.

Air is part of our origin and we have a unique expertise in our sector. Over the years we've molded air into a thousand forms, using steel, plexiglass, glass and wood.
We've turned the kitchen hood into an object of design.
We've given it smart functions: light fittings, air conditioner and filters. In brief, we have connected it to the future.

We understand how the world is changing and we keep innovating to make tomorrow's air even purer.

We are proud to be part of the **Franke Group as its Air Expert**.

1955
Faber Plast is founded.

1958
The first Plexiglass hood.

1986
NOVA
The first chimney hood.

1995
AXIA
The first T Shape hood.

1999
M@STER
The first smart hood.

2004
MATRIX
The first hood that hangs like a picture.

2008
KLIMA
The first air conditioning hood.

2010
F-LIGHT GENERATION
The first chandelier hood.

2016
TALÌKA
The first totally vertical hood.

2018
GLOW
With Airlane Technology.

2019
GALILEO
The first hob extractor in A+++

2020
K-AIR
The first touch screen connected hood with air quality sensor.

2021
AIR HUB
Faber enters the world of purification.

2022
AIR HUB PORTABLE
The first Faber hygieniser with exclusive 4x4 technology.

A VISION OF GLOBAL REACH.

A vision of global reach.

Faber has a lot in common with air...
both are present all over the world.
Our task is to improve the air quality in your house
and on our planet.

Investing in the world.

Always growing, to serve more people.

Thinking long term.

All around competence: automation, robotics, IT,
total quality.

Innovating continuously.

Engineering research, advanced solutions, living benefits.

Designing the future.

Ergonomics, design, functionality, comfort, style
and wellbeing for the home.

OUR FIRST
INSPIRATION: PEOPLE.

At Faber, we know how to look far but also very close.
We look at people because they are our inspiration.
Their needs and desires are the basic principles for which we
strive to supply better and better products, time after time.

We study every single action people do in a Kitchen, even the
smallest one. This allows us to offer products realized in
accordance with the needs of the people.

Because everything depends on wellness of the people.
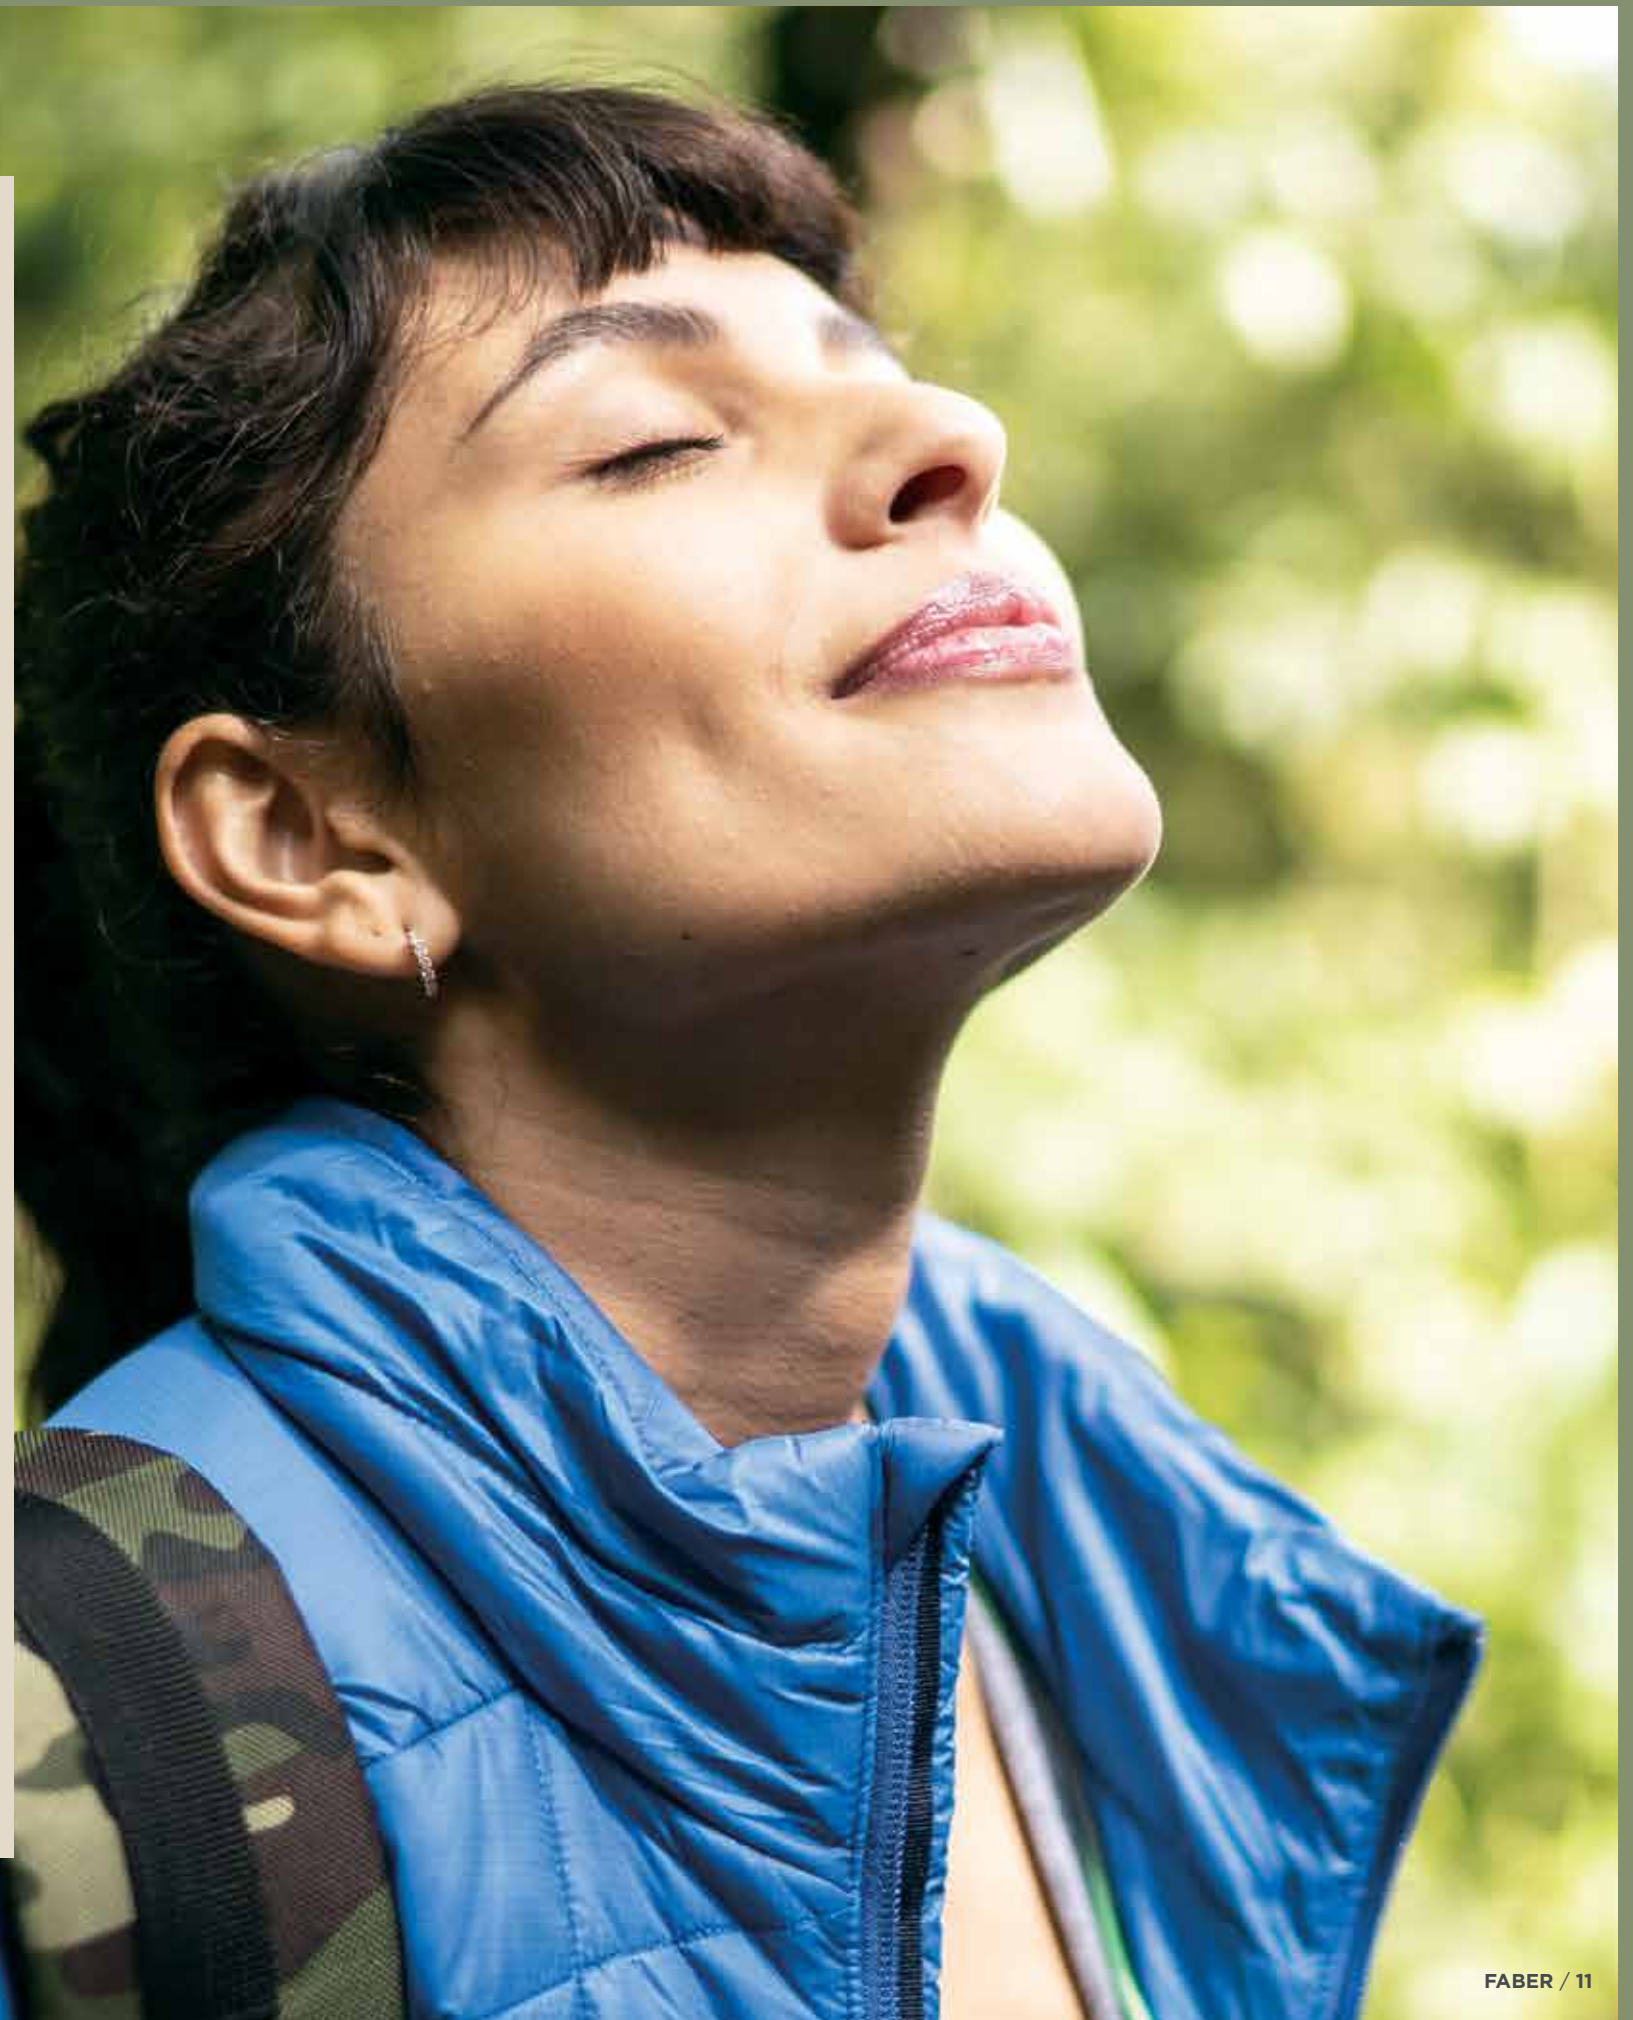

SAFETY IS IN RELIABLE HANDS

Reliability is a constant characteristic of all Faber products. When everything is working as it should, home is a more useful place. And when the air is pure and clean, home becomes a place of true functionality. That's what reliability means to us: making life better for years to come.

RECORDS IN EXCELLENCE

- The first **ISO 9001** Quality Certification in the field of kitchen hoods.
- **SGS Certificate of Excellence n°001**: a worldwide first.
- Integrated Management System for Quality (**ISO 9001:2015**), Occupational Health and Safety (**ISO 45001**) and the Environment (**ISO 14001**) certified by SGS.
- Products conforming to the strictest safety requirements and to standards **EN 61591** and **EN 60704-3**, tested in an authorized in-house laboratory, certified and guaranteed by leading international bodies.

IMQ The Italian Quality Mark
CE The EU Safety Mark
SEMKO International Safety Certification by Intertek ETL
UL The Quality Mark for the USA and Canada
CCC The Chinese Quality Mark

TABLE OF **CONTENTS**

ADVANCED TECHNOLOGY FOR REAL **LIFE BENEFITS.**

SELF START
SELF-START

A special sensor switches the hood on as soon as air temperature reaches 130°F. A smart sensor activates your hood automatically whenever needed.

SOUND PRO
SOUND PRO

Reducing turbulence and swirls in the internal airflow, the new blowers technology succeeds in both limiting noise and improving the sound quality of the hood.

TUNABLE WHITE
TUNABLE WHITE

Choose and vary the color temperature of the light, from warmer (tending to yellow) to colder (tending to white).

## FABER CLOUD
FABER CLOUD

The exclusive Faber Cloud app can be used to monitor the air quality in your kitchen by adjusting the settings of your hood at any time, even from any mobile device.

ENERGY MOTOR
ENERGY MOTOR

The energy-efficient Energy Motor allows for longer duct runs, improving performance, reducing noise and giving you greater installation options.

VARI-DUCT
VARI DUCT

For increased installation options and better energy efficiency, Vari-Duct allows air to be vented via the top or back of a hood.

REMOTE CONTROL
REMOTE CONTROL

The ADA compliant wireless remote conveniently controls all the hood's features.

FILTER ALARM
FILTER ALARM

Filter saturation alarm: warns you when it is time to clean the grease filter.

INTENSIVE SPEED
INTENSIVE SPEED

Designed to deal with even the strongest cooking aromas, the Intensive Speed function activates maximum extraction power for 10 minutes.

24 HOUR
HOUR 24

Keeping kitchens fresh and odor free around the clock, the 24 Hour feature automatically turns the hood on for 10 minutes every hour.

PERIMETER ASPIRATION
PERIMETER ASPIRATION
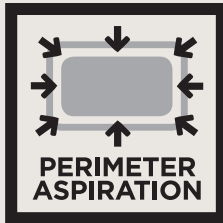

By drawing air through a narrowed channel, Perimeter Aspiration increases suction and reduces noise without increasing energy consumption.

REMOTE BLOWER
REMOTE BLOWER

Allows for higher performance levels, improves efficiency and reduces air noise.
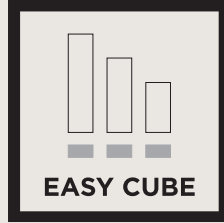

DELAY
DELAY

Automatic shutdown delay: postpones the motor shutdown to eliminate residual odors completely.
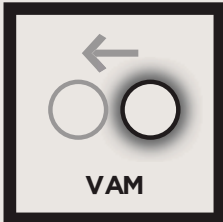

UP AND DOWN
UP & DOWN

Combining the function of a hood with a light fitting. The hood descends towards the cooktop to optimize suction and then rises back to the ceiling once cooking odors have been extracted.

EASY CUBE
EASY CUBE

For faster, hassle-free fitting, Easy Cube makes installing and levelling hoods so much simpler.

VAM
VAM

VAM (Variable Air Management System) features enable you to permanently set extraction speeds in line with local building codes.

LED LIGHT
LED LIGHT
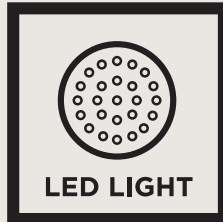

More durable, brighter and energy-efficient, cool to touch LED Lights offer exceptional performance compared to standard bulbs.

LIGHT DIMMER
LIGHT DIMMER
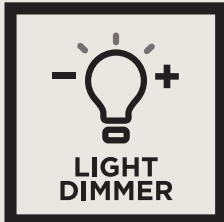

Dimmable light: at the touch of a button the light is dimmed down and can be left on for extended time with minimal energy consumption.

PRO MOTOR
PRO

Helping increase airflow through the hood, our Pro Motor delivers more powerful extraction to take care of even the strongest cooking odors.

EASY SNAP
EASY SNAP
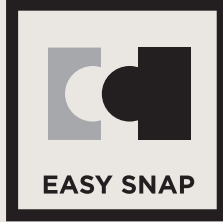

The exclusive Easy Snap clip system is designed for an effortless installation of cabinet mounted hoods.

SEAMLESS CHIMNEY
SEAMLESS CHIMNEY
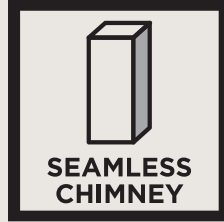

The single-piece Seamless Chimney is easier to install, easier to clean and offers a more refined look.

TAKE CARE OF THE AIR YOU BREATHE

SELF-START

HOUR 24

FILTER ALARM

At Faber, we use air technology to improve people's well-being and quality of life. Living with a Faber hood means feeling protected in your home and natural environment through improved air quality.

SELF START
A special sensor switches the hood on as soon as the air temperature reaches 130°F. Faber loves to make cooking easier and more enjoyable!

24-HOUR
Keeping kitchens fresh and odor free around the clock, the 24-hour feature automatically turns the hood on for 10 minutes every hour.

FILTER ALARM
The filter saturation alarm takes out the guesswork and will warn you when it is time to clean the grease filters or replace charcoal filters.

AIR QUALITY UNDER CONTROL

AND THE HOOD STARTS ITSELF AUTOMATICALLY

Wellness starts with us and the choices we make to live our best lives. Breathing pure air inside our home is essential to living well. Faber range hoods eliminate cooking pollutants for safe, clean air in your kitchen.
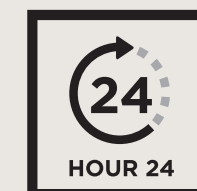

HIGH FILTERING
Faber range hoods are capable of removing up to 95% of cooking odors.

STRATUS ISOLA   HIGH-LIGHT   CHLOE

THE FIRST COMFORT IS SILENCE

SOUND PRO NEW

As kitchens become places for meeting and sharing moments at home, hoods increasingly need to combine high performances with silent motors. Following in-depth studies and extensive research, Faber was able to develop a solution: Sound Pro.

SOUND PRO
Faber's new Sound Pro blowers reduce turbulence and swirls in the internal airflow, the new blower technology succeeds in both limiting noise and improving the sound quality of the hood.

HUSH, IT'S COOKING TIME!

FLUID DYNAMIC OPTIMIZATION
Thanks to an innovative design, the new blower significantly reduces turbulence and vortex of the internal airflow.

NOISE REDUCTION AND SOUND QUALITY OPTIMIZATION
At maximum power, the new technology limits the noise threshold of the hood up to -6db*, but it doesn't stop there. It also optimizes the sound produced, reducing the disturbance caused by high frequencies.

Now available in these Faber models.

NEW STILO GLASS

NEW DAMA

NEW INCA LUX PLUS

NEW INCA LUX

*Data varies depending on the model in which the blower is installed.

FREE HANDS IN THE KITCHEN

FABER
CLOUD

The beauty of cooking is also that you can express yourself freely, without distractions. When you have a Faber range hood with Faber Cloud technology, you can manage the hood remotely with simple and intuitive functions.

ALWAYS CONNECTED
Faber has created an intelligent connection between a smart device and a Faber range hood, through an integrated system that works with WiFi. A simple gesture is all it takes to control the hood from anywhere in the home. At the same time, the perfect operation of the hood can be controlled to extract cooking vapors and odors.

Faber Cloud seamlessly connects the Wi-Fi enabled Faber range hoods to any Android or iOS smart device so you can control your kitchen's environment from anywhere.

FABER
CLOUD

- Adjust light setting
- Change fan speed
- Activate boost mode
- Set 24-hour mode
- Check filter life status
- Operate auto-off timer

Pair Breva Pro with Amazon Alexa, Google Home, or Siri to use voice commands to turn the hood on and off, adjust blower speed and set the auto-timer.

Now available in these Faber models.

NEW STILO GLASS

NEW INCA LUX PLUS

NEW BREVA PRO

THE IDEAL SOLUTION
FOR YOUR **HOME**

PERIMETER ASPIRATION: EXCLUSIVE TO FABER TECHNOLOGY, CREATING PURER AIR WITH MORE EFFICIENT EXTRACTION.

FABER HOODS HAVE A LOWER ENVIRONMENTAL IMPACT WITH LED LIGHTING AND ENERGY-EFFICIENT CONSUMPTION OF THE MOTOR.

THANKS TO THE FABER CLOUD, YOU CAN MANAGE YOUR HOOD ON ANY MOBILE DEVICE.
(AVAILABLE ON STILO GLASS, INCA LUX PLUS, BREVA 11, BREVA 18)

HOODS EQUIPPED WITH THE SMARTEST FEATURES, TIMERS, REMOTE CONTROLS AND CONNECTION TO THE HOME.

THE MOST EFFECTIVE
EXTRACTION TECHNOLOGY

PRO

SUPERIOR EXTRACTION

The PRO blower technology makes as little noise as possible even at maximum power. With 10% more extraction even the most persistent cooking vapors and smells are eliminated in just a few minutes.

VARIABLE AIR
MANAGEMENT SYSTEM

VAM
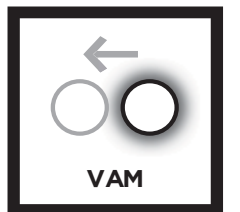

Adjusting CFMs to meet local building codes is easy with the Variable Air Management (VAM) feature on certain Faber models.

Our exclusive VAM technology allows you to adjust your hood to the most common CFM levels: 295, 395 or 600 class performance.
VAM aids in helping the installer set the speed permanently to a lower CFM based on local make up air codes.

PRO & UNDER CABINET HOODS

MORE POWER LESS NOISE

NEW

The Breva Pro's attention to detail makes it both aesthetically pleasing and capable of top-level performance in filtering out cooking particles, for improved air quality in your kitchen.

STAINLESS STEEL PRO BAFFLES
The Pro Baffle filter system traps grease while the exhaust fans eliminate odors, smoke and cooking pollutants.

INTENSIVE SPEED
Activates maximum extraction power for six minutes to eliminate even the strongest cooking aromas and harmful by-products.

DELAY OFF
Automatically delays the shutdown of the blower to eliminate any residual odors completely.

LIGHT DIMMER - 2 LEVELS
At the touch of a button, the light is dimmed down and can be left on for extended time with minimal energy for consumption.
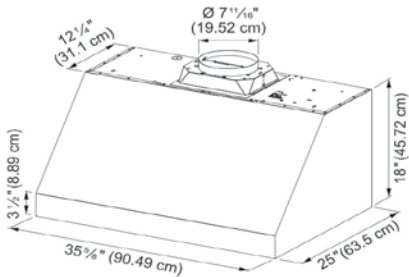

SUPERIOR EXTRACTION
The PRO blower technology makes as little noise as possible even at maximum power. With 10% more extraction it makes your kitchen a more comfortable environment.
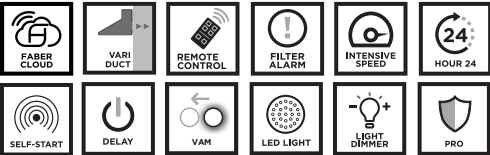

PRO

The Breva Pro innovative design marries function and form to beautify and benefit every home by improving the environment in ways that can be both seen and felt.

REMOTE CONTROL

LESS CONSUMPTION MORE EFFICIENCY

NEW

Tivano's powerful energy-efficient 395 CFM interior motor delivers quiet yet powerful smoke and odor removal. The multi-speed control allows precise adjustments to desired fan speed for optimal clean air performance.

LED LIGHTS
Adequate lighting is essential while cooking. The Tivano LED task lighting provides excellent visibility over the entire cooking area, with a considerable energy saving.

STAINLESS STEEL MESH FILTERS
The effective filter system in Tivano provides a large surface to capture both large and small cooking particles. Dishwasher safe.

REMOTE CONTROL
The optional wireless remote conveniently controls blower speed, lights and more. Controlling your hood is easier then ever. ADA compliant.
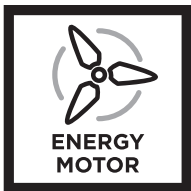

ENERGY MOTOR

Efficient energy motor allows for longer duct runs, improved performance, reduced noise, and increased installation options.

Tivano hoods' minimalist design and high extraction capacity is complemented by their extraordinary usability and functionality.

The Classica Plus will not only spare you the long hours of cleaning but will also amaze with its modern design and functionality. Equipped with energy-efficient LED lights which will illuminate your kitchen in a soft, shiny glow. Enjoy an easier, more relaxed cooking experience with clean air and more quality time with family and friends.

LESS CONSUMPTION MORE EFFICIENCY
Faber energy-efficient motors are designed for maximum suction power and the best energy efficiency.
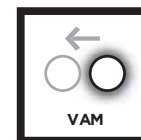

VARIABLE AIR MANAGEMENT
Our exclusive VAM technology allows you to adjust your hood to the most common CFM levels: 295, 395, or 600 class performance right from the control panel

A classic seamless design meets premium features in the endearing Classica Plus, an excellent addition to any kitchen. Easy to use, quiet to run, energy-efficient, and powerful enough to keep the air fresh whatever's on the menu.

ISLAND & CEILING HOODS

ISLAND & CEILING

THE **PERIMETER ASPIRATION** FUNCTION ACTIVATES CONTINUAL AIR FLOW TO EXTRACT COOKING FUMES.

PERIMETER ASPIRATION

HIGHER EFFICIENCY, **QUIETER OPERATION**

PERIMETER ASPIRATION
Faber's exclusive Perimeter Aspiration was naturally inspired for superlative comfort and outstanding performance.

REAL POWER MAKES NO NOISE
Based on the study of aerodynamic flows inside the hood and targeted sound insulation, this Faber technology reduces noise at full power by 3dB(A).
The Perimeter Aspiration accelerates the airflow through a narrow gap, and the air slows down once inside the hood to eliminate cooking odors—no bad smells.

The Stratus ceiling hood is a versatile built-in design that blends seamlessly into the kitchen ceiling to provide powerful extraction as well as style.

COMMERCIAL GRADE EXTRACTION

NEW

The built-in Inca Pro 18 is so well hidden and discrete that you don't need to tell anybody about it. Four power levels and elegant LED lighting underline the discrete appearance. Available in two sizes 32″ and 44″ to cover the cooktop discreetly yet efficiently.

EASY SNAP
The exclusive Easy Snap clip system is designed for an effortless installation of cabinet mounted hoods. The spring loaded clips secure the hood in place with no additional hardware required.

DELAY
Automatic shutdown delay: you can postpone the motor shutdown at any speed to eliminate residual odors completely.

REMOTE CONTROL
The optional wireless remote conveniently controls blower speed, lights, and more. Controlling your hood is easier than ever. ADA compliant.

INSERT

PRO

Equipped with two PRO metal blowers for 1200 CFM to deliver commercial grade extraction to prevent smoke and cooking contaminants from settling in the home.

Inca Pro 18 offers maximum user experience with an intuitive, responsive touch control panel for easy operation. The commercial-grade motor and stainless steel baffles effectively vent the grease and odors making the home's air cleaner.

INCA IN-LIGHT
SLEEK AND INNOVATIVE

Inca In-Light range hoods are a minimal contemporary style that radiate elegance in every detail. Its clean, essential lines integrate perfectly with the cabinetry. They conceal a powerful motor and refined extraction system to provide clean air.

Perimeter Aspiration is the technology that makes the kitchen quiet, efficient, and has a lower impact on the environment. An exclusive Faber technology forces air to speed up through a narrow gap around the panel's perimeter, purifying the air, reducing noise, and improving efficiency.

IMPROVE YOUR DAILY LIVING

NEW

The clean, simplified design will improve the way you cook, feel and simply enjoy the kitchen environment in more ways than one.

INSERT

TUNABLE WHITE LED LIGHT
Control the color temparture from a bright daylight white to a soft warm white, to get the perfect ambiance in your kitchen space.

INTENSIVE SPEED
Activates maximum extraction power for six minutes to eliminate even the strongest cooking aromas and harmful by-products.

SOUND PRO
Reducing turbulence and swirls in the internal airflow, the new PRO blowers technology succeeds in both limiting noise and improving the sound quality of the range hood.

FABER CLOUD

SMART SOLUTION
Control the Inca Lux Plus with the touch of a finger. ADA compliance is a breeze when paired with Amazon Alexa or Google Home to activate voice commands.

INTEGRATED

FLEXA
STREAMLINED LOOK, SEAMLESS OPERATION

The integrated Flexa slide out hood is ideal for bringing a streamlined, minimalistic look to your kitchen. Its sleek stainless steel pull-out visor slides easily into place when in use, then neatly tucks away when not in use. For a customized look, the front strip can be replaced with material that matches the kitchen cabinetry.

The Easy Snap system with internal self-latching clips will have this range hood installed in no time at all.

UP & DOWN TECHNOLOGY

UP & DOWN

In open-concept kitchen and living room combos and in those where space is restricted, there is often the need to choose a suspended hood with a design matching the interior décor.
Faber solves these needs by combining the function of a hood with that of a light fitting.

THERE'S A HOOD: IT'S IN THE LIGHT FITTING.
With the Up & Down technology, Faber perfectly integrates hood and light fitting, combining the needs of aspiration with those of design and lighting.

AN AMAZING SPACE-SAVING SOLUTION.
These hoods are excellent space-saving solutions capable of illuminating and enhancing any type of environment, from the most linear to the most sophisticated.

ICONIC

The Zoom island hoods were created to represent the perfect integration of design and well-being. The design is absolutely extraordinary and astounds the observer due to its ability to revolutionize the concept of cooktop hood lighting, transforming it into a real point of light for the kitchen area. The products are technologically advanced and perfectly shaped, offering freedom of movement within the cooking zone. In a simple movement, elegance becomes functionality.

FRANKE HOME SOLUTIONS WARRANTY FOR FRANKE AND FABER BRANDED PRODUCT

EFFECTIVE MARCH 1, 2023

In the United States, Canada and Latin America, Franke warrants the Faber branded products from manufacturing defects in material and workmanship when purchased from a Franke or Faber Authorized Retailer pursuant to product-specific warranties detailed herein (each, a "Warranty" and collectively, the "Warranties"). The products must be properly installed, per Franke's installation instructions, in their original installation, and used in normal indoor residential kitchen applications. Any products or components which have been modified or altered from their original intended condition will void the Warranty. The Franke Warranties for Faber branded products are limited to the original purchaser and are non-transferrable. These Warranties do not include products purchased from non-Authorized Retailers, products that are obsolete or discontinued, or products that were previous display models. All issues with installed products are considered warranty claims and not subject to the Return Policy. Franke reserves the right to inspect any Franke / Faber product reported to be defective pursuant to a Warranty claim and the original installation prior to providing a replacement product and/or component. All decisions are final. In no situation shall the liability of Franke exceed the amount of the original purchase price.

The Warranties do not cover, and Franke shall not be liable for, any damage to products or components resulting from misuse or abuse, accidental damages, normal wear such as scuffs, scratches or finish reduction/fading, improper installation, abnormal usage, negligence, damage caused by improper maintenance or cleaning. Damage caused by impurities, corrosive chemicals or acts beyond Franke's control are not covered by any Warranty. Service calls to correct the installation of a range hood, instructions on how to operate a range hood, to replace or repair house fuses or to correct house wiring or plumbing are not covered by any Warranty. Service calls to repair or replace range hood light bulbs, fuses or filters and these consumable part costs are also excluded from Warranty coverage. Installation not in accordance with electrical or plumbing codes or Franke / Faber documentation are not covered by any Warranty. Replacement parts or repair labor costs for units operated outside the United States, Canada or Latin America, including any non-UL or C-UL or non-NOM approved Franke / Faber range hoods are excluded from Warranty coverage. Expenses for travel and transportation for service in remote locations and pickup and delivery charges are not covered by any Warranty. Franke / Faber range hoods should always be serviced in the home in their original installation.

Franke / Faber product replacements do not include liability for project delays. Product replacements are not guaranteed to be exact replacements. If the original product is not available at the time of the warranty claim, at Franke's option, the product replacements will be of similar size, material, and value. Any products or components which have been modified or altered, from its original intended condition will void the warranty.

The Warranties do not allow recovery of incidental or consequential damages such as loss of use, delay, property damage or other consequential damage, and Franke accepts no liability for such damages. Each Warranty is limited to the conditions set forth herein and to the applicable warranty period specified herein and is exclusive. EXCEPT FOR THE WARRANTIES SET FORTH HEREIN, FRANKE MAKES NO WARRANTY WHATSOEVER WITH RESPECT TO THE PRODUCTS, INCLUDING, BUT NOT LIMITED TO, (1) ANY WARRANTY OF MERCHANTABILITY, (2) WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, (3) WARRANTY OF TITLE, OR (4) WARRANTY AGAINST INFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS OF A THIRD PARTY, WHETHER EXPRESS OR IMPLIED BY LAW, COURSE OF DEALING, COURSE OF PERFORMANCE, USAGE OF TRADE OR OTHERWISE. LEGAL DISCLAIMER PLEASE READ CAREFULLY. Franke Kitchen Systems LLC provides the above information to you as a public service to our customers. By accessing and using this information, you agree to the following and to comply with all applicable laws. If you do not agree with these terms and conditions, do not use this information. While we try to keep the information current, changes may have occurred since its creation. Contact your Regional Manager or Customer Service to verify information regarding Franke Kitchen Systems LLC programs and their use by you.

TERMS & CONDITIONS

FRANKE / FABER RANGE HOOD LIMITED WARRANTY:
Franke / Faber range hoods are warranted against any defect in materials or workmanship for the original purchaser for a period of two (2) years from the date of original purchase when used in standard residential indoor applications. This warranty covers labor and replacement parts. Franke, at its option, may repair or replace the product or components necessary to restore the product to good working condition.

This warranty supersedes all other warranties, expressed or implied. No employee, field sales representatives, or distribution persons are authorized to give any warranties on behalf of Franke Home Solutions North America, LLC.

To make an installed product warranty claim please contact Franke at the provided contact information below. All warranty claims must include the following for processing:

1. Proof of purchase from Franke or Faber Authorized Retailer
2. Original purchaser's name, address (included city, state, zip), email address and phone number
3. Franke / Faber model and serial number
4. Date of installation
5. Description of the defect
6. Photos of the defect

In North America and Latin America:
